

CLAIMS

What is claimed is:

1. A flooring plank, comprising:
a first layer including a first plurality of strips that are secured together, each of the first plurality of strips having a grain extending generally in a longitudinal direction of the plank; and
a second layer secured to one face of the first layer, the second layer including a second plurality of spaced strips each having a grain extending generally transversely to the longitudinal direction of the plank.
2. The flooring plank according to claim 1, wherein each of the strips is composed of at least one of bamboo and wood.
3. The flooring plank according to claim 1, wherein another face of the first layer is coated with at least one coat of acrylic urethane.
4. The flooring plank according to claim 1, further including at least one tongue configured to mate with at least one groove of another flooring plank.
5. The flooring plank according to claim 1, further including at least one groove configured to receive at least one tongue of another flooring plank.
6. The flooring plank according to claim 1, further including at least one coat of acrylic urethane disposed on multiple surfaces thereof.
7. The flooring plank according to claim 1, having at least one application of aluminum oxide disposed thereon.
8. A flooring plank, comprising:
a first layer comprising a first plurality of bamboo strips secured together in side-by-side relation, wherein each strip has a grain extending generally parallel to a longitudinal dimension of the plank; and
